Let the fun begin...

h a t	m e p
b i g	
l o g	
f u n	

Use logic skills to manipulate vowels until five CVC words are made...try again ☺

h o t	m a p
b i g	**hot**
l e g	
f u n	

OR

| h u t	m o p
b i g	**big**
l e g	
f a n	

Students choose a favorite word and write it on the line. Then they get to draw a matching picture!
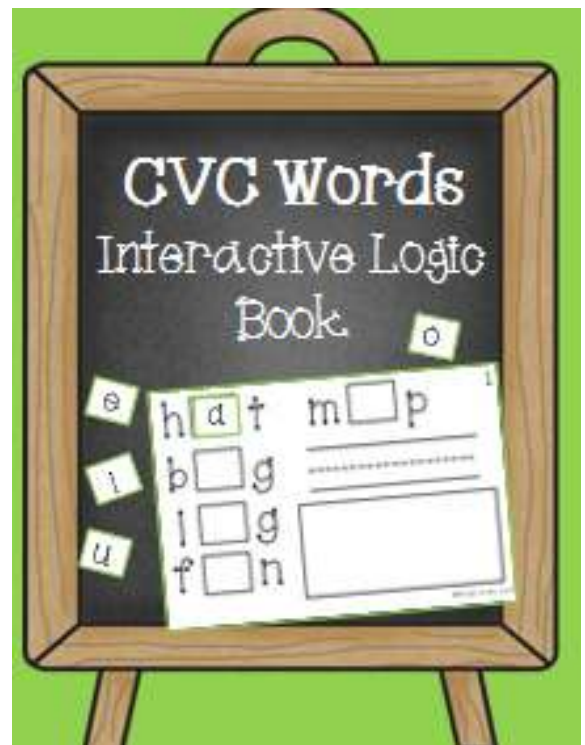

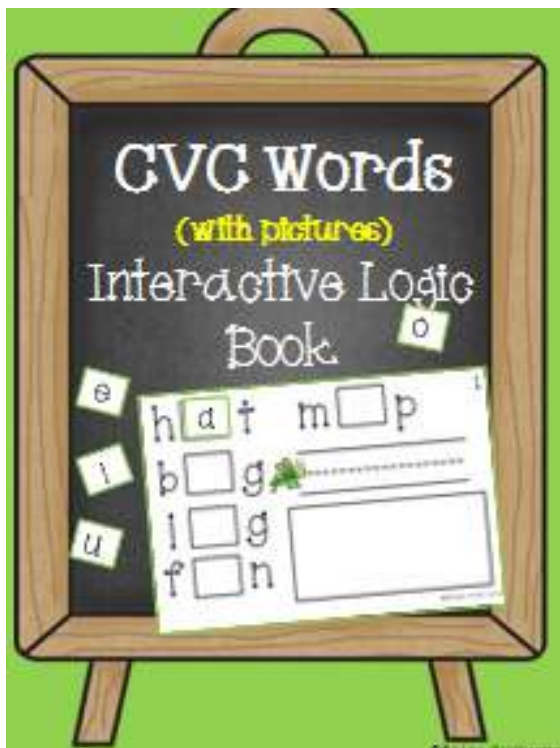

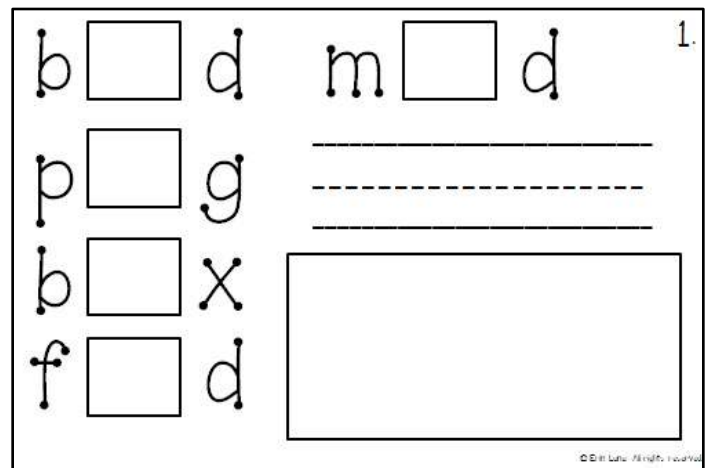

Interactive Logic Books
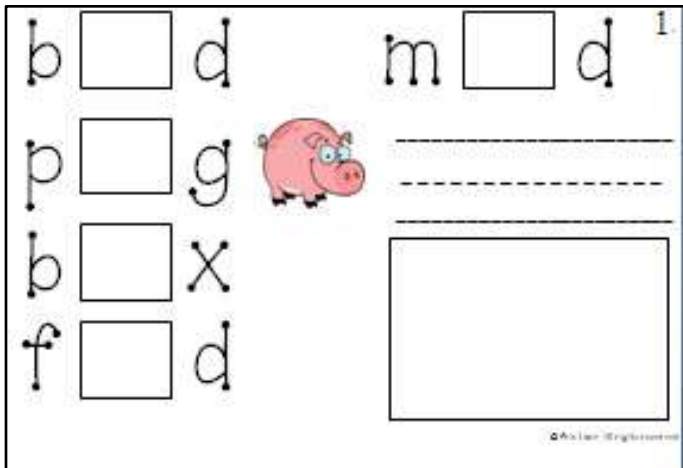

Students use logic skills to manipulate the letter tiles to create phonic-specific words.

This bundle includes both sets of books with and without picture clues!

The book with one picture clue on each page provides students with a little extra support. This is great for ELD students!

The book without any pictures challenges students to use their logic skills without any extra support.

14 different Interactive Logic Books included!
