

SHOO FLY

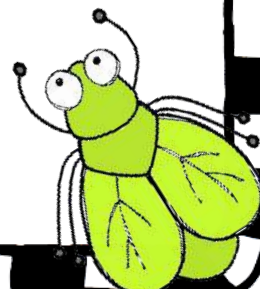

SIGHT WORD CARD GAMES & ACTIVITIES

Thanks for previewing SHOO FLY! These card games get students excited to practice sight words!

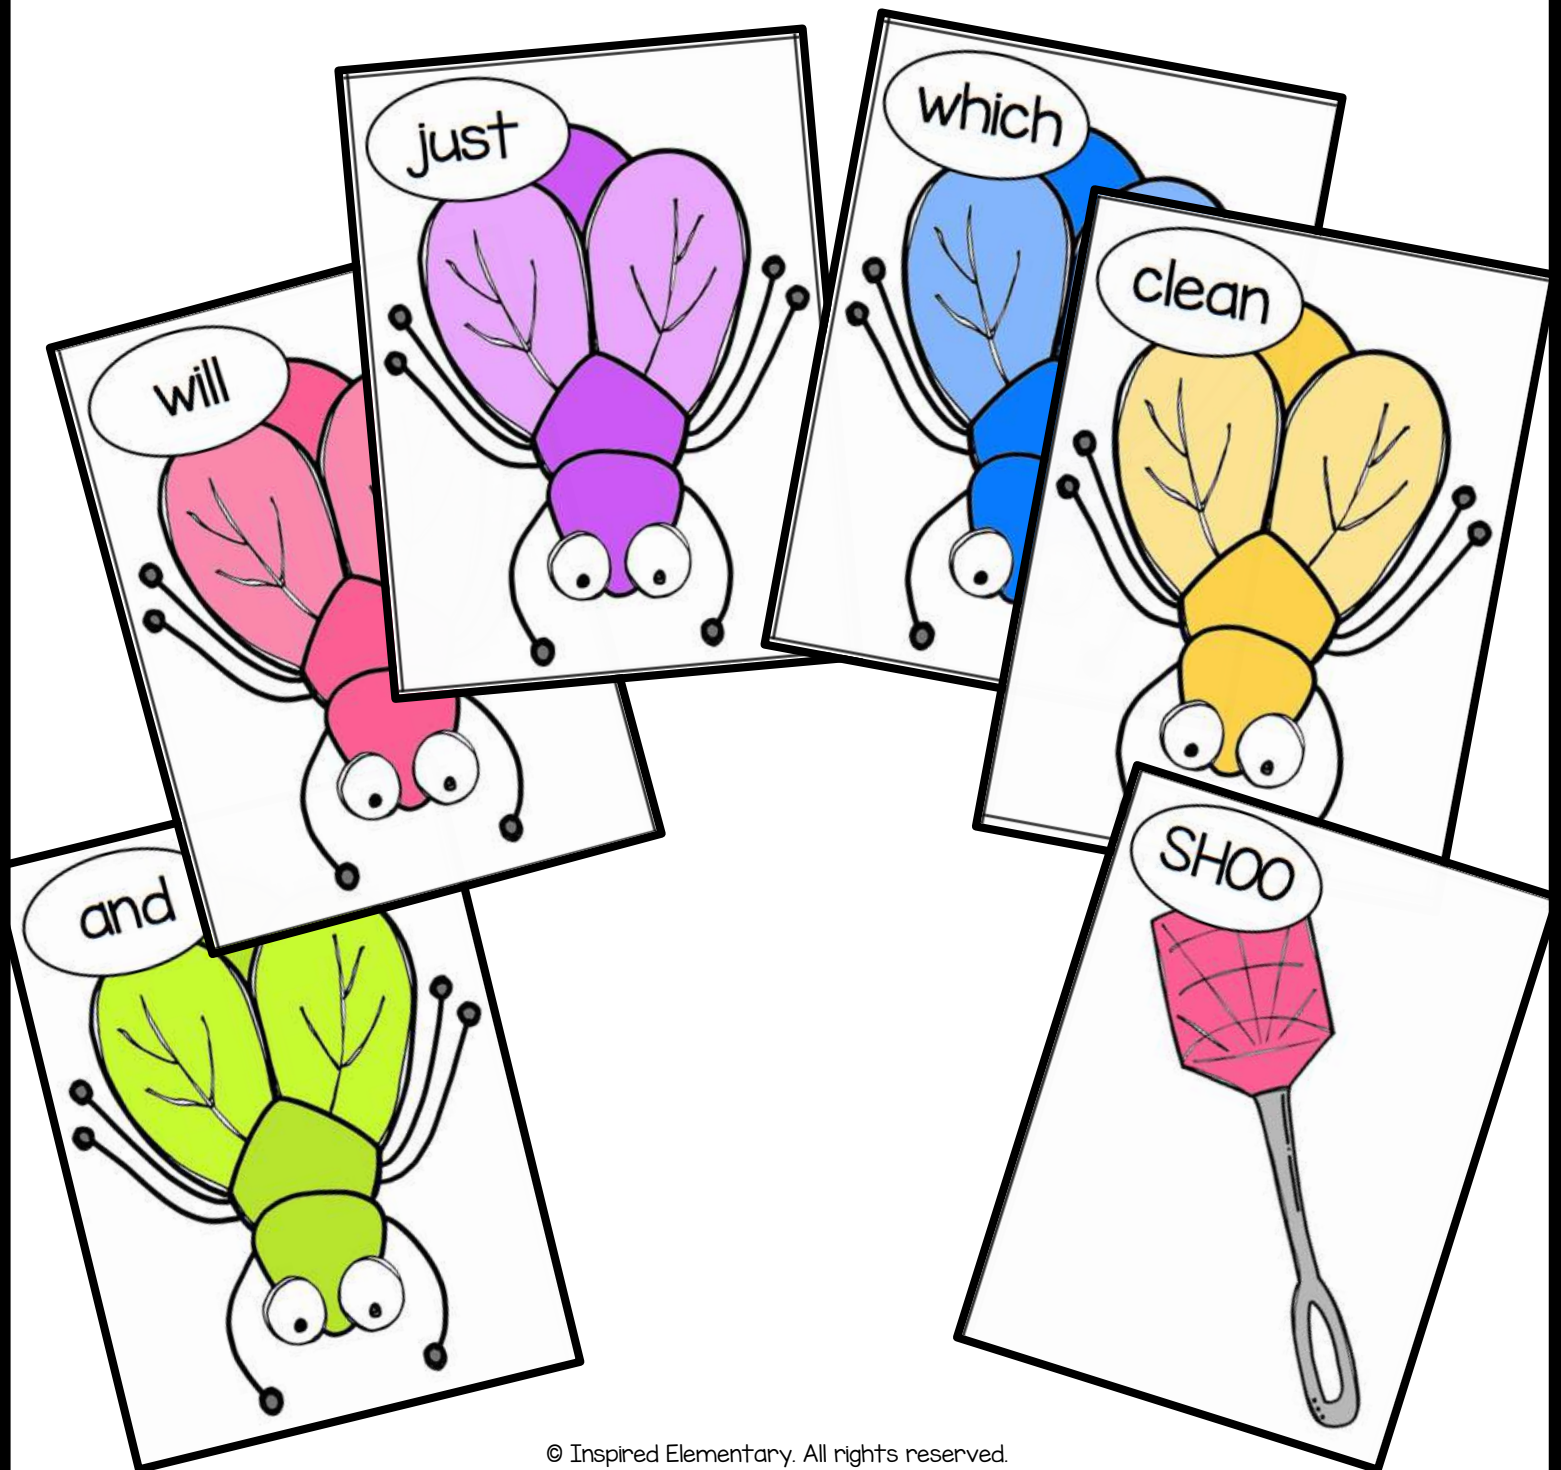

There are two versions of SHOO FLY cards included (color and black and white). Students can use the SHOO FLY deck of cards to play "SHOO FLY!" which is a card game that is similar to "Go Fish," but with a fun twist.

These playing cards can also be used to play "SHOO Master," which is a game similar to "Old Maid," and SHOO FLY Memory (detailed directions are included for each game). I have also included some extension activities that can be done independently or in groups after playing the card games.
