

# SILENT RESPONSE CARDS

Get ALL students participating at the same time!

## SILENT RESPONSE CARDS...

- Engage ALL students
- Use for ANY subject
- Whole class review
- Math games
- Informal assessment tool!

# HOW TO USE...

- Students use the double-sided response cards to answer questions or respond to the teacher SILENTLY.
- Responses can be used for ELA, math, science, history review and more!
- Teachers can quickly scan the room to check understanding because the cards are color-coded.

Which word represents a location?

- A there  
B their  
C they're

# #1 Classroom Engagement Tool!

- Gives **ALL** students the chance to participate and encourages even your quiet students to engage.

1 hundred = 3 hundreds  
21 tens = 13 ones  
3 ones

# HOW TO PLAY...

- Photo directions included for easy printing and assembly!
- Laminate to use year after year.

True True True True

False False False False

A A A

B B B

C C C

# WHAT TEACHERS ARE SAYING...

“This is an amazing resource to use to check for understanding for all students. We call them our quick response cards and the students love to use them to show their answers. I have used them in math to show sums and differences. I have also used them with their agree and disagree cards.  
-Sheri L.
