WHAT TEACHERS ARE SAYING...

"I absolutely love this resource. I have used it in several classrooms now because it is so versatile. The students love the different spelling activities because there are **SO many to choose from**. Students never get bored of doing the same ones. **Also**, for students who struggle with spelling and need a shorter word list, I love how there are different sheets to accommodate for a shorter list! Thank you!
-Hailey G.

WHAT TEACHERS ARE SAYING...

“Game changer! Makes for great center work and homework. Students stay engaged and spelling test scores are higher than before! Super easy to prepare and create packets for each student before hand.

-Jordan H.

WHAT TEACHERS ARE SAYING...

"I love that I can use different length lists and that there are so many options.

These pages also don't take a ton of ink to print which I appreciate."
