

SUPER WRITING!

SUPER WRITING is a ONE MINUTE writing activity that...

- Promotes writing fluency
- Builds writing confidence
- Increases writing motivation
- Provides idea flow
- Makes writing FUN!

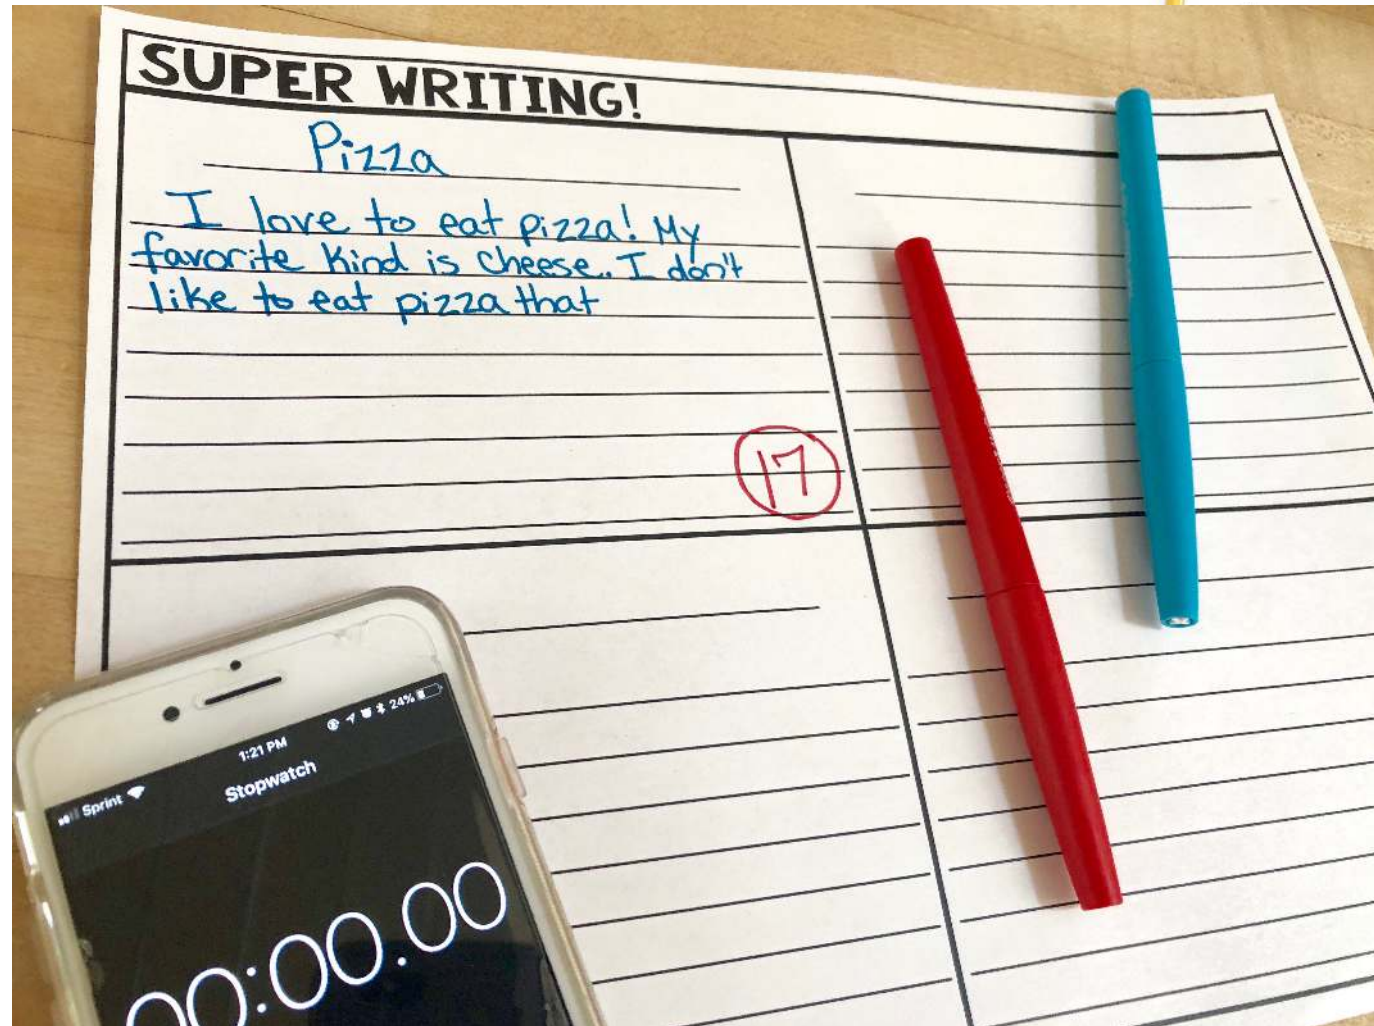

SUPER WRITING!

Students write as much as they can and as well as they can for one minute, about a given topic.

After one minute, they count and record the number of words written.

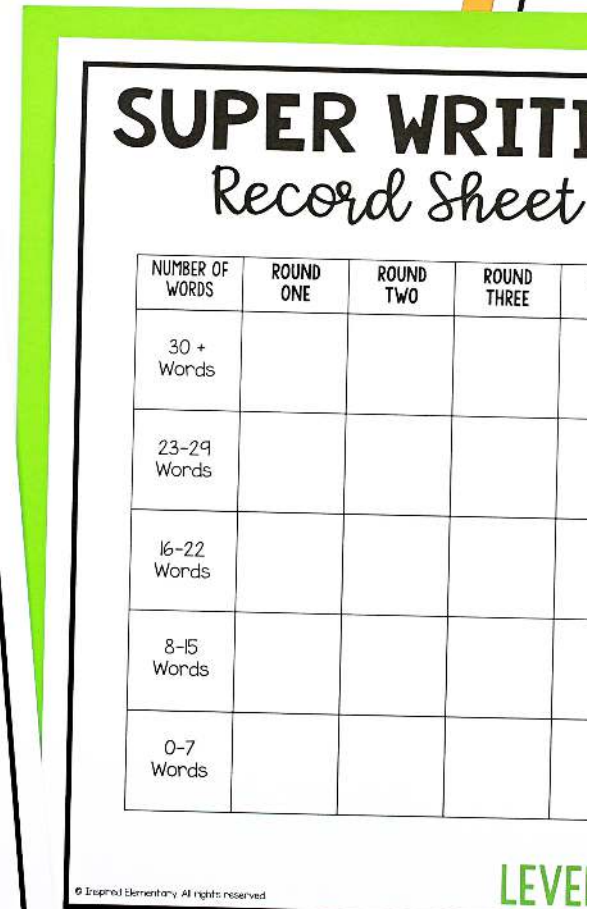

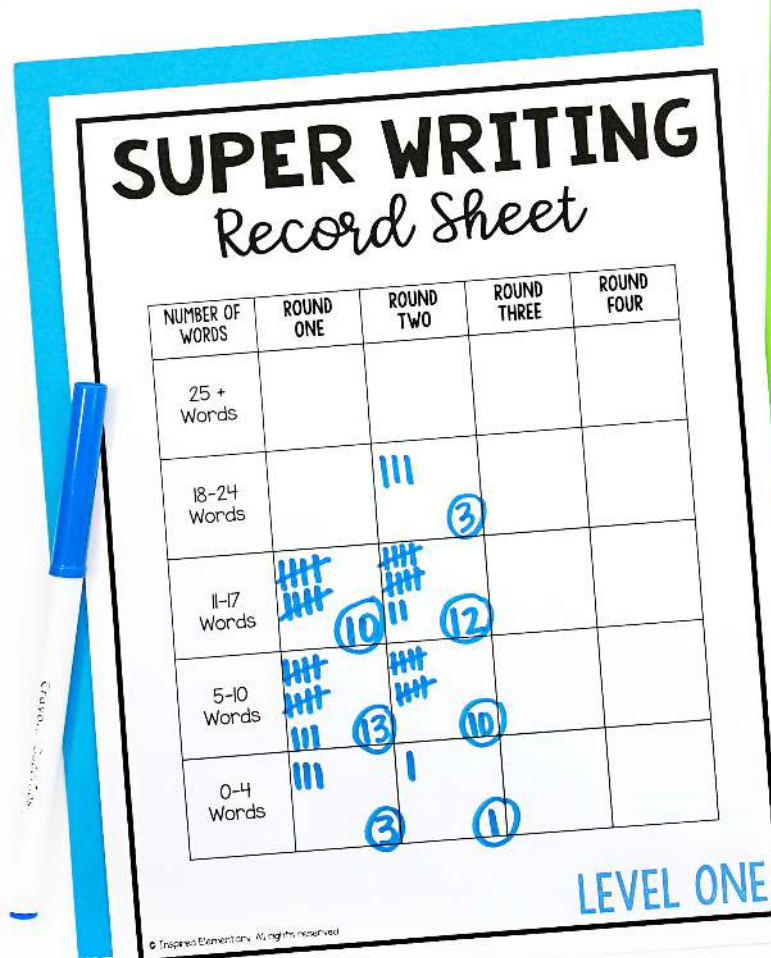

SUPER WRITING!

Whole class, we tally the number of words written for "Round One."

We continue Round Two and Three and record our results.

Students are so motivated as they see their growth on the record chart!

SUPER WRITING!

Topic lists are included for each month of the year!
